Hazardous Weather

Today | High Temps & Rain Chances

Heat Indices Up to 107 in the Rio Grande Valley

Weather Forecast Office
Brownsville/RGV, TX
Issued Jun 26, 2019 5:06 AM CDT

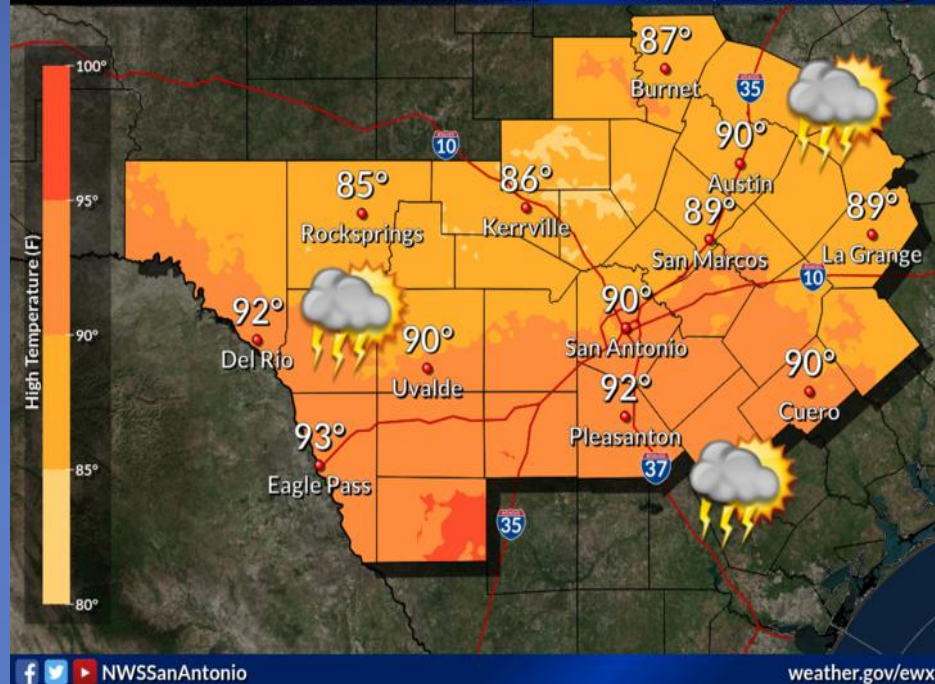

Today will be another very warm day with a slight chance of showers and thunderstorms. Highs are expected to reach the lower to mid 90s with heat indices around 100 to 107 degrees. After the storm system that passed through the Rio Grande Valley overnight on June 25th and the morning of the 26th, many areas still have significant flooding. Stay safe and don't drive into standing water. As there is still a slight chance of rain again today the potential for additional flooding exists across eastern portions of Hidalgo county into western portions of Cameron and Willacy counties.
